DEL AIRE NEIGHBORHOOD
 WATCH ASSOCIATION

SEPTEMBER 2018

From the DANWA President:

Greetings Friends & Neighbors,

Okay, you got me again. I forgot to inform you that school was starting August 17th. But most of you already knew that. You're right, that's not a very good excuse. Just like there is no good excuse not to **slow down** (especially in school zones), and don't forget to **stop** at all stop signs. A disturbing reminder of this happened in our mile recently and as a result of a driver failing to stop, a young man is paralyzed from the neck down, **for the rest of his life! This accident didn't need to happen!**

By now, most of you should have your Del City utility bill, which informed you of the next curbside bulk trash pick up the week of October 29th. As has been the case in the past, you may start putting items out Saturday October 27th. The same list of prohibited items (tires, paint, batteries, etc.) are not eligible for pick up.

Our guest speaker for the September meeting, Maj. Brandon Pursell of the DCFD has invited us to gather at the new fire station #1 (S.E. 28th & Epperly). So instead of gathering at our normal venue (Calvary Christian Church Annex), on September 10th, we will convene in the conference room at 7pm. I'm assured that a mini tour will be on the agenda as well—this should be fun.

A few years back, I read some information that was quite alarming. As I recall it stated tat over 80% of all non-vehicular accidents happened in the home or at work, and 75% of vehicle accidents happened within 5 miles of your residence. This information has made me consider quitting my job and moving at least 10 miles away.

And with that, I'll bid you adieu.

May God bless keep you and yours.

Ron McCall, DANWA President, 677-7923 danwapres@cox.net

We need YOUR HELP!!!**

Need block captains for:

Angela Dr. (Angela Circle to Oakbrook)
Contact David Ellison 672-7904

Just a little bit of volunteering won't hurt much. Some blocks only have 20 homes to deliver to, most are less than 25 homes. If you can help with any of these please contact any of the District Captains above. It's really not hard to volunteer one day out of the month and it proves to be good exercise by delivering the newsletter door to door for your particular block or blocks. You might even meet your neighbors.

You don't have to be a member to volunteer to deliver the newsletters.

So you thought it couldn't happen to you??? Well, we didn't think we would ever witness it either!!!! One day while working in the front flowerbed I saw a strange car pull up to the neighbors house across the street. A young woman got out of the vehicle and looked my way and waved. I waved back. I didn't think much more about it and figured it was a friend coming by to visit. She proceeded to the neighbors front porch, picked up the package sitting on the porch and started back to her car, just as friendly looking as can be. I thought it might be a friend coming to pick up the package for the neighbor but then again, why would she do that since the package is already on the neighbors porch!!! She got in her car and slowly drove on up the street tapping her brake occasionally as if to continue going slow—I think she might have been looking for more packages. What went through my mind was—did I just witness a theft??? I spotted the tag number and wrote it down. When the neighbors husband came home I relayed all the information I had and gave him the tag number. He said he would give it to his wife, possibly she had ordered something.

Another instance was when a DANWA volunteer was out patrolling, he spotted a lot of water running down the street and followed the running water to the area where it was coming FROM!!! Water was continuing to run from under the garage door. The patroller checked the membership listing and found that it was one of the members. He checked with membership listing to see if the house was on the list—thankfully it was a member and he called the emergency number to tell the member what was happening and they rushed home to shut off the water until it could be repaired. The members hot water tank had sprung a leak and was FLOWING out from under the garage door. Another good reason to have volunteer patrollers and/or good neighbors who look out for their neighbors.

DANWA can always use your volunteer help—24/7/365, won't you come help out? The organization is slowly turning over and obviously in need of volunteers to help continue our quest in helping watch over our neighborhood. Contact one of the officers on the front of the newsletter or start coming to the monthly meetings—and be a volunteer.

Yes, school has started so be ever so conscious of the children little and big who might be trying to cross the street on their way to or from school. Don't forget, if a bus is stopped with the lights flashing—ALL CARS STOP BOTH WAYS!

SECURITY Be ever so careful when using your credit or money card in the machines—grab hold of the area where you place your card and if it doesn't move or come off, pretty sure it is safe to use but again, always be cautious in using them as the low lifes are still at it trying to make a buck off of your hard earned paycheck and convenient devices.
