**Dates to remember:**

DANWA General Meeting— Calvary Christian Church in the annex just north of the church, 3900 Epperly Dr. at 7:00 pm, second Monday of the month.

The Patrol Meeting will follow the General Membership meeting at the Calvary Christian Church annex.

CERT General Training Meeting, at 7:00 pm, Del City Community Center, second Tuesday of the month.

# Del Aire Defender

DEL AIRE NEIGHBORHOOD  
 WATCH ASSOCIATION

JULY 2019

## From the DANWA President:

Greetings Friends & Neighbors,

Did you know that you can read the Defender online at [www.danwa.org](http://www.danwa.org)? If you are reading this from the copy that is delivered to your home by one of our block captains, then chances are July 4th, Independence Day, has already past. I hope everyone had a pleasant and safe holiday. I, for one, feel blessed to be a citizen of this, the greatest country, and try to express that appreciation daily.

As many of you know, DANWA works closely with the DCPD, that's why I'm excited to pass along some info from Lt. Mike Gray, who plans to get with our patrollers for a meeting to insure we are all on the same page in our efforts to be more effective in our patrolling. Also, the DCPD is planning to organize another Citizens Police Academy this fall (Oct. or Nov). If you are interested in attending this free clinic please contact me.

Some of us can remember when Del City was the first & only city in the country to be entirely covered by multiple neighborhood watches. Unfortunately we have gone from six active watch groups down to three. That is why efforts are underway to re-activate Ole Towne Neighborhood Watch. A flyer will be in with your next Del City Utility bill announcing a meeting at the Community Center on July 30th at 6pm. While this meeting will deal primarily with Ole Towne it is open to all Del City residents.

At our July 8th meeting we will be serving **ICE CREAM** and our usual antics.

On August 12th our State House Representative for District 94, Andy Fugate, will be our guest speaker. If you haven't had an opportunity to meet Mr. Fugate, this will be a great chance.

May God bless & keep you and yours.

**Ron McCall, DANWA President, 677-7923 [danwapres@cox.net](mailto:danwapres@cox.net)**

Friendly reminder regarding curfew.....

From the Del City Police Department  
**Friday & Saturday—curfew is 1am**  
**Sunday through Thursday curfew is midnight**  
 So if you see children/teens out **AFTER** these times on these dates, don't be afraid to call the police.

**677-2443**

**HELP HELP HELP HELP HELP**

**Come on People!  
We need YOUR HELP!!!**

**Need block captains for:**

**Lamar Dr. from Montclair to Montrose**

**Oakbrook from Montclair to Montrose  
Contact David Ellison 672-7904**

**Ridgeway from Vickie to Delview**

**Elm View from Vicky to Ridgeway**

**Newport from Delview to Vickie  
Contact Steve Gold 501-7080**

**S.E. 44th from Wofford to Epperly  
Contact Jim Highfill 206-7457**

**HELP HELP HELP HELP HELP**

If you can spare some time, we can use block captains to help deliver the DANWA newsletter. Some blocks only have 20 homes to deliver to, most are less than 25 homes. If you can help with any of these please contact any of the District Captains above. It takes me about 15 minutes to deliver 23.

**You don't have to be a member to volunteer to deliver the newsletters.**

We're still looking for someone to fill the Officer's position of Patrol Captain.

If you might be interested contact any of the officers listed in the upper left portion of this page.

Even though you don't see the blinkie lights on top of a patroler's car, that doesn't mean we aren't patrolling. Sometimes we go incognito and can still call the police if we see something suspicious.

**Seven Important Facts To Remember As We Grow Older:**

- #7 Death is the number 1 killer in the world.
- #6 Good health is merely the slowest possible rate at which one can die.
- #5 Give a person a fish and you feed them for a day. Teach a person to use the Internet and they won't bother you for weeks, months, maybe years unless you give them your email address.
- #4 Health nuts are going to feel stupid someday, lying in the hospital, dying of nothing.
- #3 All of us could take a lesson from the weather. It pays no attention to criticism.
- #2 In the 60's, people took LSD to make the world weird. Now the world is weird, and people take Prozac to make it normal.
- #1 Life is like a jar of jalapeno peppers. What you do today may be a burning issue tomorrow..  
Please share this wisdom with others while I go to the bathroom.

### The Art of the Pun

Whether you love them or hate them, the art of the pun should not be underestimated as it takes skill to craft comical wordplay that can make people laugh and cringe at the same time. One group to master the art of funny puns is the Indian Hills Community of Colorado who've been making regular punny road signage to the delight of everybody:

Dogs can't operate MRI scanners but catscan.  
Our mountains aren't just funny, they're hill areas.

Turning Vegan would be a big missed steak.

Well, to be Frank I'd have to change my name.

Life is short, if you can't laugh at yourself, call me, I will.

QUIT ST3ALING R 73TT3R\$.

### WHAT I IF TOLD YOU YOU READ THE TOP LINE WRONG.

Ban pre-shredded cheese, make America grate again.

For chemists alcohol is not a problem it's a solution.

I scream you scream, the police come, it's awkward.

Despite the high cost of living it remains popular.

I'm friends with 25 letters of the alphabet but I don't know Y.

Crushing pop cans is soda pressing.

In search of fresh vegetable puns, lettuce know..

He who laughs last didn't get it.

Big shout out to my fingers I can always count on them.

Tried to grab the fog, I mist.

**The problem with political jokes is they sometimes get elected.**

Life without music would b flat.

**When you're down by the sea and an eel bites your knee that's a moray.**

Whenever I try to eat healthy a chocolate bar looks at me & snickers.

### Stormwater Pollution Prevention:

#### Grass Clippings

Do not blow leaves and grass into the storm drains or ditches—Dumping leaves and grass clippings into the stormwater system affects streams. The increase in nutrients associated with grass clippings can cause algae growth, which can kill fish and other aquatic life.

Keep this grass waste out of storm drains. Try the following:

1. RETURN TO LAWN—it is best to leave grass clippings uncollected on the lawn so that they are recycled, contributing to soil organic matter and supplying part of the fertilizer needs of the lawn. Adopt a mowing schedule to keep clippings short enough to filter through growing grass and not remain as a mat on top of the lawn. Research and experience indicate that only 1/3 of the grass length should be removed during mowing. Never allow the lawn grass to double its height between mowing. This approach not only eliminates clipping collection and disposal problems, but also can contribute to improvement of the lawn.

Clippings are not a cause of thatch in lawns. Instead, thatch is formed primarily from a dense accumulation of grass roots and stemmy material. Returning clippings along with the proper mowing frequency will not increase disease problems. Use caution when removing collection bags from mowers. Some machines are not designed to operate safely without a bag or other attachment in place.. Check with your equipment supplier if you are unsure if your mower can operate without a collection bag.

2. GARDEN MULCH—Grass clippings can be used as garden mulch. To reduce any tendency to protect slugs, clippings can be dried in the sun and a day prior to being used in this way. Clippings can be spread on garden soil to check weed growth, reduce soil spattering and crusting, moderate soil temperatures, etc. As a precaution, do not use grass clippings from herbicide-treated lawns until after two grass cuttings have been made.

3. SOIL INCORPORATION— clippings can serve as a source of organic matter for soil improvement when incorporated into the garden.

4. BACKYARD COMPOSTING—grass clippings can be composted, especially when used in a backyard leaf composting pile. However, grass has high nitrogen content, a much higher demand for oxygen than leaves, and a tendency to mat, which reduces the passage of oxygen. Composting piles containing grass clippings can become anaerobic. This, in turn, can produce strong, unpleasant odors. These odors are particularly noticeable when the pile is disturbed. Because of these problems, grass clippings should not be composted alone, but rather mixed with composting leaves. One must be aware, odors, and reduce the rate of decomposition. The objective is to keep the material aerobic. Also, ensure that excess nitrogen is not given off as ammonia, do not add more than 1 part fresh grass clippings to 3 parts partially composted leaves.

The resulting compost can be used as soil amendment, as mulch for gardens, flower and shrub beds, or as a potting medium.

Neighborhood Watch Association

DANWA Short membership application form

P.O. Box 55558

Del City, OK 73155

Membership to DANWA is 1 March to 28 February the following year and dues are (\$12.00). If joining through the year, dues are prorated as follows: Apr-\$11, May-\$10, Jun-\$9, Jul-\$8, Aug-\$7, Sep-\$6, Oct-\$5, Nov-\$4 Dec-\$3, Jan-\$2, Feb-\$1. Provide the following information along with membership dues to the above address.

Address: \_\_\_\_\_

Last Name: \_\_\_\_\_ First Name \_\_\_\_\_ Cell Phone: \_\_\_\_\_
