# Del Aire Defender

DEL AIRE NEIGHBORHOOD  
 WATCH ASSOCIATION

FEBRUARY 2021

## From the DANWA President:

Greetings Friends & Neighbors,

It's almost surreal that we are knocking on the door of February already. Let's hope Cupid has a full quiver of arrows, with all of the civil unrest, we could sure use a little love spread around. There is too much ill will, on all sides. I'm not suggesting that anyone needs to change their point of view on any issues. I am suggesting that we need to recognize not everyone is going to agree with you on every issue, but that doesn't make them your enemy or evil. That same individual may just be your biggest supporter on another issue. We all can find common ground on something, if we are willing to look.

Our welcome mat goes out to Mike McEwen, as of last November, he is the Del City Parks & Recreation Supervisor (405-671-2865). While Mr. McEwen has already started making some improvements to our parks, he is looking for your input for additional enhancements to the parks and to the Community Center. So let him hear from you.

At the DANWA General Meeting on February 8<sup>th</sup> you will get a double dose of guest speakers. As previously announced, Brittany Parrott the Del City Customer Service Manager (405-670-7380) will be there to introduce herself to us. She will inform us of some of her duties and take a few (non-specific) questions. We will also receive a 10 to 15 minute power point presentation from DCPD Officer Keven Parker on Community Relations. Let's give them a packed house.

Yep, it's that time again. Inside your newsletter is your 2021 DANWA membership application. Don't put it to the side. Fill it out right now. Make out the check and sign it. Put everything in the return envelope and mail it **today**.

See you at our next meeting 7 pm on February 8, 2021 .

May God Bless You and Yours

Ron McCall DANWA President (405) 677-7923 danwapres@cox.net

### Anecotes

Due to the quarantine I'll only be doing inside jokes.

Police car loses wheels to theft,  
cops are working tirelessly to nab the suspect

Have you noticed, "THE" & "IRS"  
Spells THEIRS

Why can't you trust an atom?  
Because they make up everything.

To the thief who stole my glasses  
I will find you, I have contacts.  
Thanks Jim G.

Do you know what your \$12.00 a year DANWA membership (\$1.00 a month) actually does for you?

It helps the patrollers notify, locate, contact, and watch for:

- someone in a back yard or elsewhere they aren't supposed to be the patroller can contact you and/or the police
- Maybe catch water running out of the house or garage due to a broken pipe
- Possibly spot a strange light (say a flashlight) moving around within a house when nobody is supposed to be there; for instance the owner of the residence is gone on vacation or the house is VACANT
- Possibly an open garage door, it's dark around the residence and nobody answers that home phone, nobody answers their emergency phone number—DANWA calls the police
- Maybe an alarm is sounding and DANWA assists by notifying the police and continues to watch the house while waiting for the police to arrive and assists the police with an emergency number to call
- Possibly a dome light remains illuminated in your vehicle and you aren't aware of it.
- Your car door's open and everything else is dark—nobody is around
- Elderly might live alone and newspapers or mail start piling up—need to contact someone to see if the occupant of the residence is okay or needs attention
- Say you go on vacation—DANWA patrollers make extra attempts and safety measures to watch the house
- There might be a lost of stray animal or even a child—DANWA can help watch for them (happened two times in 2020)
- Many times a child or elderly person gets lost—DANWA helps watch for them, no mater what neighborhood they are in

## FIRES

Every year, more than 350,000 homes in the United States are struck by fire. There are easy steps you can take to reduce the chance that your home will be damaged or anyone injured in a blaze—whether it starts inside or outside your home.

### Practice Home Fire Safety

- Have **smoke detectors** and fire extinguishers on every level of your home.
- Test and clean smoke detectors monthly and replace batteries at least twice a year.
- Check fire extinguisher pressure gauges monthly.
- Store matches and lighters out of the sight and out of reach of children.
- Don't overload electrical outlets or run cords underneath rugs.
- Inspect electrical cords for damage and replace or repair them if needed.
- Keep **space heaters** at least three feet from furniture and drapes.
- Clean the lint screen on your cloths dryer before each use.
- Have your furnace inspected every year. Change filters several times each year.
- Store flammable materials and chemicals safely away from sources of heat.
- Clean fireplace, coal stove and wood stove chimneys every year.
- Thin bushes and trees within 30 feet from your home.

### Know What to Do in a Fire

- Create a family fire escape plan that shows two ways out of every room and a family meeting place outside. Practice it at least twice a year.
- In a fire, get out fast and stay out. Crawl low under smoke.
- Telephone to report a fire only from outside of a burning building.
- If clothes catch fire, stop, drop to the floor or ground, and roll. Cover your face with your hands.

### If a Wildfire Threatens Your Home

- Shut off the gas at the meter.
- Hook up a garden hose and place lawn sprinklers on the roof.
- Wet or pull up vegetation within 15 feet of your home.
- Submerge water-resistant valuables in a pool or pond.
- Move patio furniture inside.
- Close windows and doors.
- Prepare to evacuate immediately, if necessary. Park your car facing your escape route and leave the doors unlocked and the keys in the ignition.

### Family Communication Plan

A family communication plan, prepared in advance, can help loved ones stay in touch in the event of a sudden disaster or other emergency.

#### Create a Plan

Your communication plan should include contact information for family members and/or close friends in your community, as well as a nearby neighbor. You should also establish an out-of-town contact.

#### Designate Meeting Places

Choose a spot in your neighborhood where family members can gather if your home must quickly be evacuated. Designate another location in the community to go to if family members are away from home or unable to gather at your neighborhood meeting place. Include these on your plan.

#### Distribute Your Plan

*Make copies of your plan and give them to everyone on your list, with instructions to keep the plan with them at all times, in a purse, wallet or backpack. Place copies in your vehicles' glove boxes and in your home.*

*Emphasize with everyone the need to contact one another as soon as it is safe and possible after a disaster strikes.*

*Update your plan on a regular basis.*
