Del Aire Defender

DEL AIRE NEIGHBORHOOD
 WATCH ASSOCIATION

JUNE 2022

From the DANWA President:

Greetings Friends and Neighbors,

To begin with, let me express a warm thank you and a well deserved congratulations to all of our DANWA members who helped put together the best float in this year's Armed Forces Day and Shriners Parade. Also thank you to all who helped the DCPD with traffic control during the parade. It truly was a magnificent event. I can hardly wait until next year. It's not too early to start planning.

Within the closing part of my portion of the Defender, I try to always give an open invitation to attend the next DANWA meeting (7 pm on the second Monday of each month), and I am grateful for those who do show up. We try to schedule events and guest speakers that might be of interest to you. Occasionally things don't go as planned and last month's meeting is a prime example. Without notice, Del City Mayor Floyd Eason shows up and asks to say a few words, which I welcomed him to do. His talk was interesting and informative. My point is: not coming to the meetings by using the excuse that it's always the same ole thing and nothing new or interesting ever happens, just doesn't hold water. I realize that we all have our own priorities and lives but this is one evening out of the month, come on. Besides this is an excellent place to reunite with friends and even make new ones. Plus we have an open forum portion of the agenda where you are encouraged to express your thoughts and concerns.

Moving on, I hope everyone had an enjoyable Memorial Day Weekend. Historically this is the kick off to the Summer, with vacations, trips to the lake, baseball and soccer games, and cookouts. So that's what we are going to do, just prior to the next DANWA meeting on June the 13th, at 6 pm. we are going to have a cookout. Hamburgers, hot dogs, potato salad, baked beans, chips, and all of the fixins. All you have to do is show up and enjoy yourself.

(quote from Charles Dickens)

The sun himself is weak when he first rises, and gathers strength and courage as the day gets on.

Hope to see you on June 13th

May the Lord bless and keep you and yours

Ron McCall DANWA President 405-517-0502 cashmccall@cox.net

We are still in need of folks to become patrollers—the eyes and ears for assisting the police department. For more information contact:
David Ellison - 405-641-2193 or Ron McCall - 405-677-7923.

For all who have renewed their membership in DANWA, and those who continue to donate amounts OVER the yearly dues!

THANK YOU!!!

DANWA is proud to have been in the Armed Forces Day Shriners parade and expressed our unity with Del City and surrounding cities regarding our Armed Forces. We also thank the City of Del City for their efforts to make this occasion one of the best! We also thank all the people who came out in support of the parade for their willingness to sit through the heat and wind to applaud the parade participants as they passed. My personal hope is to see more bands from our local schools participate in the parade.

By now you should have gotten a new "voter's identification card" in the mail showing your different representatives in the area. I hope in the future we can invite our new politicians to one of our meetings just to get acquainted. Andy Fugate is still our Legislative Representative but the change is in the Oklahoma Senate where we now have Ms. Kay Floyd, our senate district is now 46. In my particular case, the change in Congress is US House of Representatives to Tom Cole.

We could use YOUR HELP!! We need "block captains" for the following areas:

Oakbrook Dr. (24)
from Montclair to Montrose

Lamar (23)
from Montclair to Montrose.

Contact David Ellison 405-641-2193

If you can spare some time, we can use block captains to help deliver the DANWA newsletter. Some blocks only have 20 homes to deliver to, most are less than 25 homes. If you can help with any of these please contact any of the District Captains above. It takes me about 15 minutes to deliver 23 and I even get a little exercise.

You don't have to be a member to volunteer to deliver the newsletters.

These fit so well, they should be in a dictionary.

Never Squat with your Spurs On

Will Rogers, who died in a 1935 plane crash in Alaska with bush pilot Wiley Post (from Maysville, Okla), was one of the greatest political country/cowboy sages this country has ever known.

Some of his sayings:

1. Never slap a man who's chewing tobacco.
2. Never kick a cow chip on a hot day.
3. There are two theories to arguing with a woman. Neither works.
4. Never miss a good chance to shut up.
5. Always drink upstream from the herd.
6. If you find yourself in a hole, stop digging.
7. The quickest way to double your money is to fold it and put it back into your pocket.
8. There are three kinds of men: The ones that learn by reading. The few who learn by observation. The rest of them have to pee on the electric fence and find out for themselves.
9. Good judgment comes from experience, and a lot of that comes from bad judgment.

10. If you're riding' ahead of the herd, take a look back every now and then to make sure it's still there.
 11. Lettin' the cat outta the bag is a whole lot easier'n puttin' it back.
 12. After eating an entire bull, a mountain lion felt so good he started roaring. He kept it up until a hunter came along and shot him.
- The moral :** When you're full of bull, keep your mouth shut.

ABOUT GROWING OLDER...

- First** ~ Eventually you will reach a point when you stop lying about your age and start bragging about it.
- Second** ~ The older we get, the fewer things seem worth waiting in line for.
- Third** ~ Some people try to turn back their odometers. Not me; I want people to know 'why' I look this way. I've traveled a long way, and some of the roads weren't paved.
- Fourth** ~ When you are dissatisfied and would like to go back to youth, think of Algebra.
- Fifth** ~ You know you are getting old when everything either dries up or leaks.
- Sixth** ~ I don't know how I got over the hill without getting to the top.
- Seventh** ~ One of the many things no one tells you about aging is that it's such a nice change from being young.
- Eighth** ~ One must wait until evening to see how splendid the day has been.
- Ninth** ~ Being young is beautiful, but being old is comfortable and relaxed.
- Tenth** ~ Long ago, when men cursed and beat the ground with sticks, it was called witchcraft. Today it's called golf.

And, finally ~ If you don't learn to laugh at trouble, you won't have anything to laugh at when you're old.

Bicycle Awareness:

From the Oklahoma Statutes Citationized,
Title 47. Motor Vehicles
Chapter 11—Rules of the Road
Article 2—Traffic Signs, Signals, and Markings
Section 11-202.1—Operating a Bicycle

- A. For the purposes of this section:
1. "Bicycle" means a device as defined in subsection A of Section 1-104 of Title 47 of the Oklahoma Statutes (see below); and
 2. "Immediate hazard" means a vehicle approaching a person operating a bicycle at a proximity and rate of speed sufficient to indicate to a reasonably careful person that there is a danger of collision or accident.
- B. 1. A person operating a bicycle approaching a stop sign shall:
- a. Slow down
 - b. if required to avoid an immediate hazard, stop at the stop sign before entering the intersection, and
 - c. cautiously enter the intersection and yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection
2. If a person operating a bicycle determines there is no immediate hazard, he or she may cautiously make a right or left turn, or proceed through the intersection without stopping at the stop sign.
- C. 1. A person operating a bicycle approaching a steady red traffic-control signal shall:
- a. make a complete stop at the steady red traffic-control signal before entering the intersection, and
 - b. yield the right-of-way to all oncoming traffic that constitutes an immediate hazard during the time that he or she is moving across or within the intersection.
2. If a person operating a bicycle determines there is no immediate hazard, he or she may proceed through the steady red traffic-control signal with caution.
3. A person operating a bicycle may make a:
- a. right-hand turn at a steady red traffic-control signal stopping after slowing to a reasonable speed and yielding the right-of-way, if required, to oncoming traffic that constitutes an immediate hazard, or
 - b. Left-hand turn onto a one-way street at a steady red traffic-control signal after stopping and yielding to oncoming traffic that constitutes an immediate hazard.

§47-1-104. Bicycle, electric-assisted bicycle, and motorized bicycle.

- A. A bicycle is a device upon which any person or persons may ride, propelled solely by human power through a belt, chain, or gears, and having two or more wheels, excluding mopeds.
- B. An electric-assisted bicycle is any bicycle with:
1. Two or three wheels; and
 2. Fully operative pedals for human propulsion and equipped with an electric motor with a power output of not more than seven hundred fifty (750) watts that meets the requirements of one of the following three classes:
 - a. "Class 1 electric-assisted bicycle" shall mean an electric-assisted bicycle equipped with a motor that provides assistance only when the rider is pedaling, and that ceases to provide assistance when the bicycle reaches the speed of twenty (20) miles per hour,
 - b. "Class 2 electric-assisted bicycle" shall mean an electric-assisted bicycle equipped with a motor that may be used exclusively to propel the bicycle, and that is not capable of providing assistance when the bicycle reaches the speed of twenty (20) miles per hour, and
 - c. "Class 3 electric-assisted bicycle" shall mean an electric-assisted bicycle equipped with a motor that provides assistance only when the rider is pedaling, and that ceases to provide assistance when the bicycle reaches the speed of twenty-eight (28) miles per hour.

An electric-assisted bicycle shall meet the manufacturing and equipment requirements adopted by the Consumer Product Safety Commission for bicycles and shall operate in such a manner that the electric motor disengages or ceases to function when the rider stops pedaling or the brakes are applied.

- C. A motorized bicycle is any bicycle having:
1. Fully operative pedals for propulsion by human power;
 2. A power drive system that functions directly or automatically without clutching or shifting by the operator after the drive system is engaged; and
 3. A combustion engine with a piston or rotor displacement of eighty (80 cu cm) cubic centimeters or less, regardless of the number of chambers in the engine, which is capable of propelling the bicycle at a maximum design speed of not more than thirty-five (35) miles per hour on level ground.
- D. As used in this title, the term "bicycle" shall include tricycles, quadcycles, or similar human-powered devices, electric-assisted bicycles, and motorized bicycles unless otherwise specifically indicated.
